

# New P25 Products and Services

## APCO 2023

**Project 25 Technology Interest Group (PTIG)**

**[www.project25.org](http://www.project25.org)**

# APX NEXT XN & XVN500

All-band P25 Smart Radio & Radio Speaker Mic  
VHF, UHF, 7/800, GPS, WiFi, Bluetooth, LTE

## What is New

- Offering the new platform of public safety applications introduced with APX NEXT in a more ruggedized design with exaggerated controls for gloved use
- The radio and RSM are built to the latest fire industry standards for operation in the most extreme environments

## P25 Interoperability Solution

- FDMA and TDMA P25 Air Interface interoperability as well as LTE

## Benefits to Public Safety

- Firefighters can keep eyes up and focus forward with intuitive ergonomic design and voice control, even in extreme conditions
- Always stay connected by automatically switching between LTE and LMR based on coverage. All P25 features stay intact.
- Continuously transmit location data over LTE
- Keep devices in the field longer by implementing updates over LTE

**MOTOROLA SOLUTIONS**

## VP8000 Multi-Band Portable

The KENWOOD Viking 8000 series Multi-Band, Multi-Protocol portable is specifically designed for today's public safety agencies with advanced features and ergonomics to meet the first responder's mission critical operational needs.

- Next generation Viking
- Multi-Band operation (VHF, UHF, 7/800 MHz)
- Multi-Protocol
- Large full-color top LCD
  - Multi-line text – front & top displays
  - Top flip display changes text orientation
  - Configurable display lines / color schemes
- Mixed protocol zones
- Wi-Fi
- GPS
- Bluetooth
- Public safety ergonomics

Booth  
#1029

# L3Harris XL EXTREME™ 400P Portable Radio

VHF, UHF, 7/800, GPS, Wi-Fi, LTE, Bluetooth

## WHAT IS NEW

- Built to the toughest industry standards for operation in extreme environments
  - Heat resistant seals and display to withstand temperatures up to 500°
  - Ruggedized against damage from 3-meter drops, salt water and humidity corrosion
- Provides advanced ergonomics for fireground operation
  - Larger emergency button and optional in-building location capability
  - Top display with unique visual zone coding
  - Color tagging and audio playback for the last 5 calls

## P25 INTEROPERABILITY SOLUTION

- Multiband P25 operation in VHF, UHF, 7/800
- CAP certified, field-proven P25 interoperability
- Converged P25, Wi-Fi and LTE technologies

## BENEFITS TO PUBLIC SAFETY

- Keep everyone connected in extreme fireground conditions
- Enhance PTT coverage & simple device management over LTE networks like AT&T® and Verizon®
- Loud and clear audio with industry-leading noise cancellation

ENHANCED  
CONNECTIVITY

# Introducing the new BKR 9000 P25 All-band Portable Radio and InteropONE

## OUR MULTI-BAND RADIO:

### KEY FEATURES:

- **5-YEAR STANDARD WARRANTY**
- Single, dual, multi-band operation (VHF, UHF, 700/800 MHz)
- P25 conventional and trunking (phase 1 and 2)
- IP 68, MIL SPEC 810 C, D, E, F, G
- FIPS 140-2 Level 3 validated AES encryption (with OTAR) capable
- USB & Field programmable (up to 5,000 channels)
- Four tiers available

### InteropONE DELIVERS:

**Ease of use** – quickly create talkgroups on demand from your smartphone, within minutes

**Local Control** into the hands of incident commanders and emergency management personnel

**Secure communications** using Azure Government cloud, NIST FIPS-140 compliant ciphering suites, multi-factor authentication

# Tait TP9800 Multiband P25 Portable

## What is New

- Connect across VHF, UHF and 7-800MHz bands

## P25 Interoperability solution

- Conventional Analog and P25 Digital
- P25 Digital Trunking Phase 1 & 2

## Benefits to Public Safety

- Multiagency communications and system migration
- Seamless operation to scan and roam across bands
- Easy ordering, flexible deployment - Enable one, two or three bands at the factory, or in the field via WiFi OTAP
- 18 hour shift life in P25 Phase 2 mode
- The lightest P25 multiband portable in the market

# TP9468 Intrinsically Safe P25 Portable

## What is New

- Class I Division 1 - All Gas Groups A, B, C, D
- Class II Division 1 - Dust Groups F, F, G
- Class III Division 1 - Fibres and Flyings

## P25 Interoperability solution

- Conventional Analog and P25 Digital
- P25 Digital Trunking Phase 1 & 2

## Benefits to Public Safety

- Tait GeoFencing Automated Workflow
- Choice of colors for easy identification
- Tait Tough IP68, IP65 and MIL-STD-810 G

# New Multi-Mode TETRA-P25 Radios

## What is New

- Dual-Mode TETRA-P25 selectable through the user menu.
- FCC certified 764-869 MHz (except NPSPAC 806-809/851-854 MHz).

## P25 Interoperability solution

- P25 CAP certified for nationwide interoperability channels.
- Fully compliant with requirements set forth in Feb 12, 2018 FCC Report & Order governing 700 MHz band.

## Benefits to Public Safety

- Cellphone-like speech quality, background noise cancellation, GPS data, Image App.

HTT-500-2

MDT-500-2

<http://www.powertrunk.com>

# F7010/F7020/F7040 Portable F7510/F7520/F7540 Mobile

## What is New

- Voice log archives with GPS metadata and mapped RSSI analysis with Radio Discovery Tool (RDT)
- Hardware based advanced system key (ASK)
- Enhanced talkgroup scanning (up to 32 talkgroups with user selectable priority modes)
- Receive only talkgroups prevent unauthorized transmissions

## P25 Interoperability solution

- VHF, UHF and 700/800 MHz models
- Conventional Analog FM/P25/Mixed-Mode and P25 Phase 1 (FDMA) and Phase 2 (TDMA) trunking
- AES/DES Encryption with Over-the-Air Rekeying

## Benefits to Public Safety

- Small lightweight and concealable for surveillance and tactical operations and smaller vehicle installs
- Recorded voice log archives with GPS metadata show when and where voice calls were made and can help identify interference issues
- Diagnostics with mapped RSSI analysis values can show lack of coverage where coverage was expected

<http://www.icomamerica.com/en/landmobile/>

# L3Harris Two47 P25 Base Station

## 7/800 MHz P25 Trunking Base Station

### WHAT IS NEW

- L3Harris is pleased to introduce a new family of P25 site products that is available in single-site, multi-site, and simulcast configurations.

**Open** – Endlessly upgradeable to evolve with your operation

**Adaptable** – Small package with expansive range

**Unstoppable** – Rugged, resilient and protected around the clock

### P25 INTEROPERABILITY SOLUTION

- P25 Trunking solution in 7/800 MHz available to order now
- CAP Certification in-process

### BENEFITS TO PUBLIC SAFETY

- Small footprint: saves space, money, and is eco-friendly. Supports up to 10 channels in a single rack including the RF combining equipment
- No single point of failure: industry leading resiliency including:
  - Distributed control points offer four levels of simulcast control point resiliency
  - All channels capable of being the control channel; never reverts to conventional

**L3HARRIS™**  
FAST. FORWARD.

[www.L3Harris.com](http://www.L3Harris.com)

## MT-5 Modular, Low-Power Analog & P25 Repeater Base Station

### What is New

- **MT-5 Subrack** with improved maintenance, lower power draw, and new software-defined controls
- **MT-5 Utility Module** simplifies on-site maintenance, includes meter jacks, speaker, and togglable LED active channel display
- **GPS Location Services** enable field resource tracking and other DFSI data capabilities
- Remote site monitoring and programming with **MT-5 Site Controller** (coming soon)

### P25 Interoperability Solution

- Zetron MAX Dispatch and ACOM solutions are fully P25 compliant via CSSI and DFSI
- P25 Standard interfaces to third-party applications and technology for turnkey solutions
- Modular design allows for hot-swappable components and incremental upgrade paths

### Benefits to Public Safety

- Backwards-compatible with MT-4E modules, allowing for modular, affordable upgrade path for advanced capabilities
- Built to thrive in the harshest environments on the planet

## P25/DMR Multi-Protocol Systems

- Multi-Protocol (Analog, DMR & P25)
- Multi-mode (Analog/Digital) operation
- Fully IP-based distributed network architecture
- Single site, Multi-site conventional & Simulcast solutions
- Compact, Rugged, Small footprint
- Low power consumption
- Hot standby repeater offering
- Powerful remote control & monitoring
- Soft diversity receiver
- Seamless system upgrades (no need to change hardware)
- System redundancy

**Booth  
#1029**

# RadioHub™

## Tactical P25 Digital Voter / Call Router

### What is New

- IP operation over low bandwidth topology neutral network configurations
- Frequency neutral voting and crossbanding
- Cloud or On-premise operation

### P25 Interoperability solution

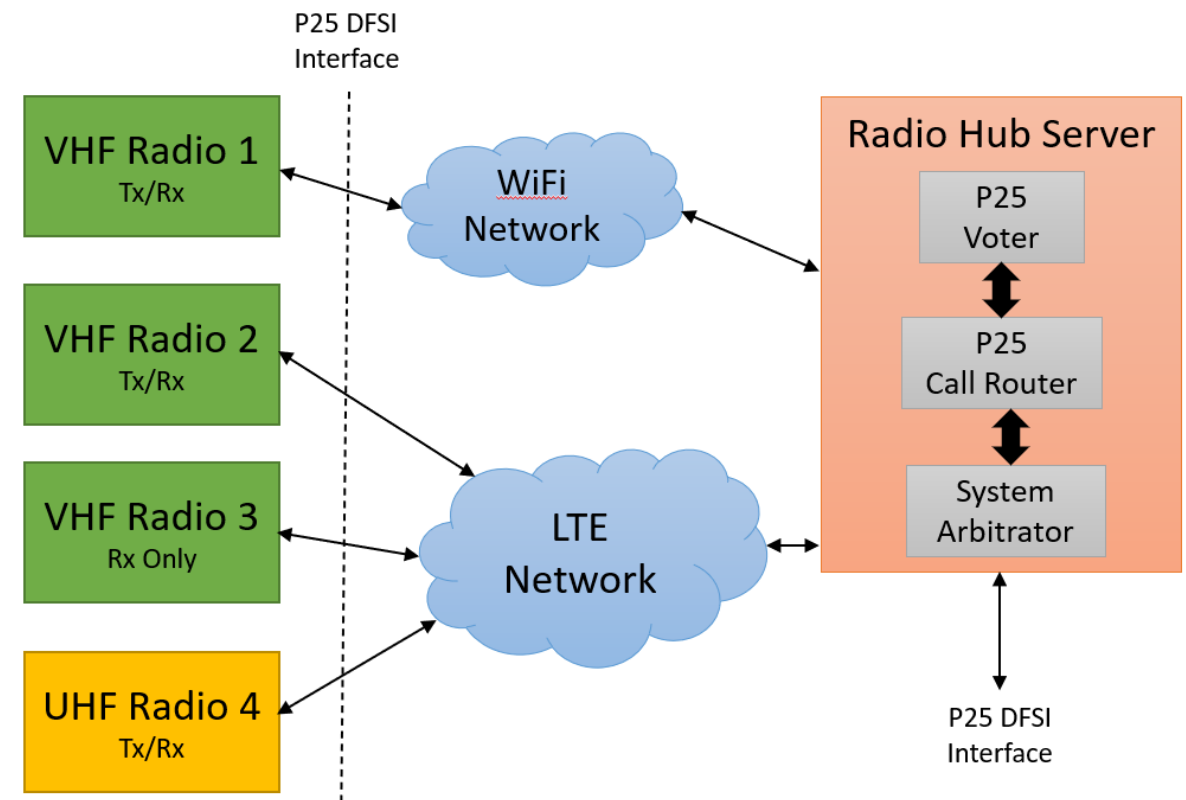

- P25 DFSI Interface
- Support for P25 Voice and Data

### Benefits to Public Safety

- Rapid easy deployment and configuration
- Inter-agency communication and interoperability

<https://www.adcomllc.com/>

Sales: 480-626-2318

# New Skymira P25 IP Relay

## What is New

- Portable P25 Network — take your coverage with you
- Highly Secure — FIPS 140-2 level 1 validated

## P25 Interoperability solution

- Manufacturer agnostic — supports all manufacturers, mix and match preferred P25 radios
- Network Agnostic — satellite, LTE, FirstNet, fixed site ISPs, and/or fiber
- Transmits all P25 Audio & Data — audio, subscriber ID, GPS location & emergency call

## Benefits to Public Safety

- Extend coverage so users are never out of range
- Get real-time GPS location and emergency alerts from anywhere
- Keep comms online during outages and disasters

[www.Skymira.com/skymira-p25-ip-relay](http://www.Skymira.com/skymira-p25-ip-relay)

The graphic features a black and silver P25 IP Relay device at the top. Below it, the text 'P25 IP RELAY' is prominently displayed in a blue box. Underneath, it states 'Works with all conventional P25 radios' and lists four bullet points: 'Portable P25 Network', 'LTE/FirstNet/Satellite', 'Interoperability', and 'FIPS 140-2, AES-256'. To the right of the text is an image of a P25 radio. At the bottom, three circular icons represent 'PUBLIC SAFETY' (a shield with a star), 'WILDLAND FIRE' (a fire truck), and 'ENERGY' (a lightning bolt).

**SKYMIRA**  
Radio over IP Reinvented

**P25 IP RELAY**

**Works with all conventional P25 radios**

- Portable P25 Network
- LTE/FirstNet/Satellite
- Interoperability
- FIPS 140-2, AES-256

**PUBLIC SAFETY** **WILDLAND FIRE** **ENERGY**

# P25 LMR – LTE InterWorking Function (IWF)

## What is New

- Carrier-grade 3GPP to LMR standards-based interoperability platform

## P25 Interoperability Solution

- IWF support of DFSI and both Phases of the CSSI and ISSI standards

## Benefits to Public Safety

- Seamless communications using standards-based multi-vendor subscribers on 4G LTE/5G and P25 eco-systems

[www.etherstack.com](http://www.etherstack.com)

# New P25 Tactical Mixed Mode Repeater

## What is New

- Tactical Mixed Mode repeater
- Rugged Extremely Compact Housing
- All P25 Network Interfaces available

## P25 Interoperability solution

- Supports IP/H.F. & Satellite Backhauls
- Interfaces with FSI (BAHA)+CSSI+ISSI  
(Phase One &Two)

## Benefits to Public Safety

- Deployable P25 Repeater for  
Emergency Communications

[www.etherstack.com](http://www.etherstack.com)

## What is new

- Enhanced GUI for all tactical markets
- **Wide Band Transceiver** – 29.7 – 960 MHz P25 Compliant – Compact
- **Search & Rescue (SAR)**
  - 121.5 MHz AM
  - 243.0 MHz AM
  - 156.8 MHz FM (Channel 16)
  - 156.525 MHz FSK (DSC, Channel 70)
- Seamless relay, simulcast, and relay/simulcast

## P25 Interoperability solution

- All P25 bands Common Air Interface (CAI), Phase I, II trunking
- 29.7 – 960 MHz Common Air Interface (CAI) AES encryption
- P25 VHF – 6W Min UHF – 5W Min 700/800 MHz – 3W Min

## Benefits to Public Safety

- Lowest cost of ownership through easily upgradable modular architecture
- Best in class color display and interface
- Most interoperable radio on the market

# BYNE ControlONE is the critical mission communication solution for operations centers

## What is New

- **BYNE ControlONE** is a critical mission communication platform for operation centers, that integrates radio, telephony, PTT over Cellular and text messaging systems, in addition to allowing the connection of geolocation and video systems.
- **BYNE ControlONE** provides P.25 connectivity.

## P25 Interoperability solution

- Connect to P25 systems via DFSI and/or CSSI/ISSI.
- Provides interoperability between all supported LMR protocols, such as DMR, Tetra, NXDN, Satellite PTT and analog gateways.
- Provides interoperability between LMR, Satellite PTT, PTT over Cellular, and Telephony systems.

## Benefits to Public Safety

- Seamless integration of communication platforms with CAD systems.
- Simplified user experience for dispatch operators.
- Interoperability with multiple agency communication systems, with integrated audit and recording.

# BYNE

[www.byne.com.br](http://www.byne.com.br)

# Avtec Scout Dispatch Console

## What is New

P25 Conventional and Trunking Wireless Interface with APX™ Consolette & APX™ Mobile Radios - Group Call, PTT ID, Emergency Call, Zone and Channel Control, Paging & other signaling features

1. Tested and updated with the Department of Defense's Security Technical Implementation Guides (STIG)
2. Microsoft OS and third party application patches applied each Scout release
3. Nessus scans ran to identify and mitigate vulnerabilities each Scout release
4. Third Party Cyber Security audit once per year to verify security posture

<https://www.avtecinc.com>

## P25 Interoperability Solution

1. Avtec Scout dispatch console connects to P25 via CSSI, DFSI, APX Consolette, or APX Mobile
2. Interoperability with Broadband, DMR, LTE, NENA, Telephony
3. P25 DFSI and CSSI endpoints benefit from the standard Scout console features, in addition to the P25-specific features that Scout supports

## Benefits to Public Safety

1. Connect P25 systems to other critical communications technologies for maximum interoperability
2. Dynamic and scalable platform that easily accommodates new and legacy technologies
3. Ideal solution for supporting communication technology migration plans and building a future proof solution
4. Designed, built, and supported in the U.S.

# InterTalk Enlite™ Dispatch Console System

## What is New

- **Enlite™** is a first-to-market dispatch solution in North America.
- Offers a public-safety-grade dispatch console with industry-standard **on-premises** deployment (Enterprise) or empowered with the **cloud** (Hosted).
- **Enlite™** provides P25 connectivity in the field via mobile-connected devices.

## P25 Interoperability solution

- Connect **Enlite™** console to P25 via DFSI or CSSI/ISSI.
- Convergence of analog radio, P25, LTE, call-taking capabilities, and more.
- Allows a user to extend their P25 network over Wifi and LTE.

## Benefits To Public Safety

- Empower your P25 system to create seamless communications across multiple devices.
- Utilize P25 **Talkpath Pooling** to reduce the number of required audio talkpath licenses on a system.
- P25 **Resource Sharing** allows dispatchers to share P25 channels connected over DFSI or CSSI between independent InterTalk console systems for interoperability and continuity of operations.

Learn more at InterTalk Booth # 1437

[www.intertalksystems.com](http://www.intertalksystems.com)

# Telex Radio Dispatch

## What is New

IP-3000 series desktop consoles supporting optional P25 CSSI and DFSI connections with AES-256 encryption.

## P25 Interoperability Solution

When coupled with IP-224's and donor control stations, P25 and non-P25 channels can be cross-patched between agencies.

## Benefits to Public Safety

Best ROI for P25 solutions and use of public funds.

Remote configuration and management

IP-3008-PS

IP-3018-PS

**MOTOROLA**  
SOLUTIONS

# CommandCentral AXS Console

## Dispatching for the Modern World

### What is New

- Works the Way You Do with the Next Generation Dispatch Experience
- Retain Your Focus with Cross Platform Integration Capabilities
- Connect to Multiple Communication Platforms Simultaneously
- Experience Pain Free Enhancements

### P25 Interoperability solution

- Seamless Multisystem (P25, MOTOTRBO, Analog, Firstnet) Access

### Benefits to Public Safety

- Improves Ease of Learning
- Eliminates New User Frustration and Burnout
- Improves Speed and Efficiency

# Critical Connect

## P25 Interoperability Made Easy

## What is New

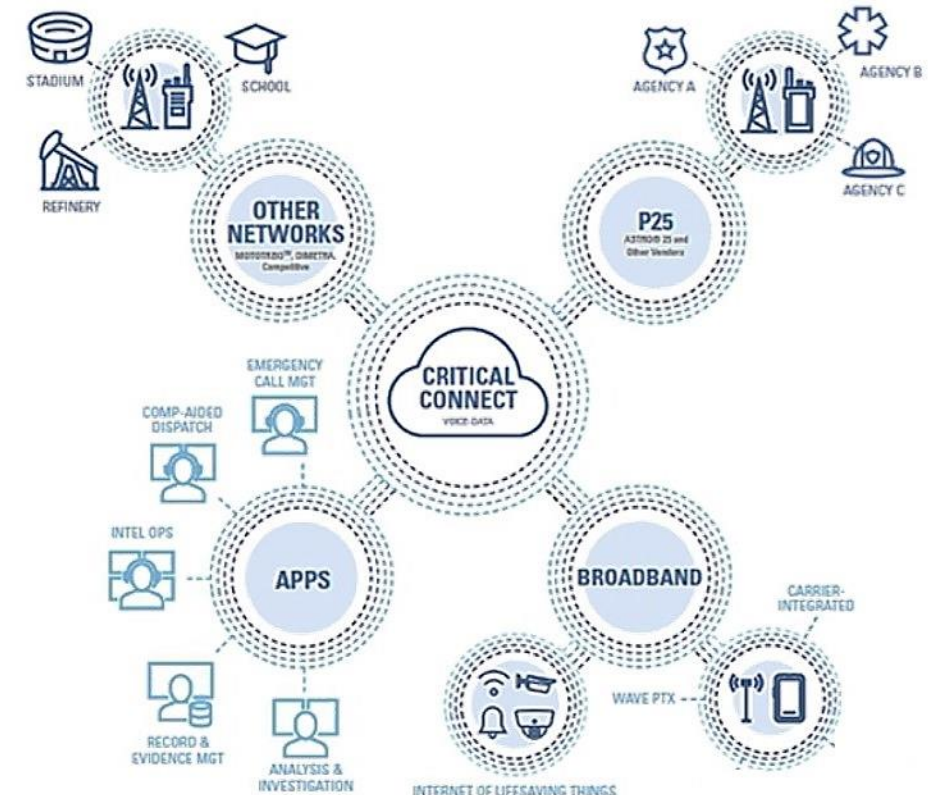

- **Interoperability between P25 land mobile radio systems**
  - ASTRO 25 to ASTRO 25, ASTRO 25 to other P25 systems, ASTRO 25 to broadband PTT
- **Seamless communication between users on different networks**
  - Voice, Location and Messaging

## P25 Interoperability Solution

- Critical Connect ISSI First to Achieve P25 CAP Compliance

## Benefits to Public Safety

- Easier to Share Information Between Agencies
- Improved Collaboration
- Greater Situational Awareness

**MOTOROLA SOLUTIONS**

# P25 LMR LTE Interworking and Push to Talk over Broadband Interoperability Solutions

## What is New

- Demonstrating IntelliLink™ Interworking Solution from Catalyst
- Standards Based Communications between P25 LMR and MCPTT on LTE Networks (FirstNet™, Southern Linc, etc.)
- **NEW: Broadband Interoperability between disparate Push to Talk over Cellular systems**
  - MCPTT Compliant – 3GPP Client Interface
  - Non MCPTT Compliant – P25 CSSI

[www.catcomtec.com](http://www.catcomtec.com)

Booth 1428

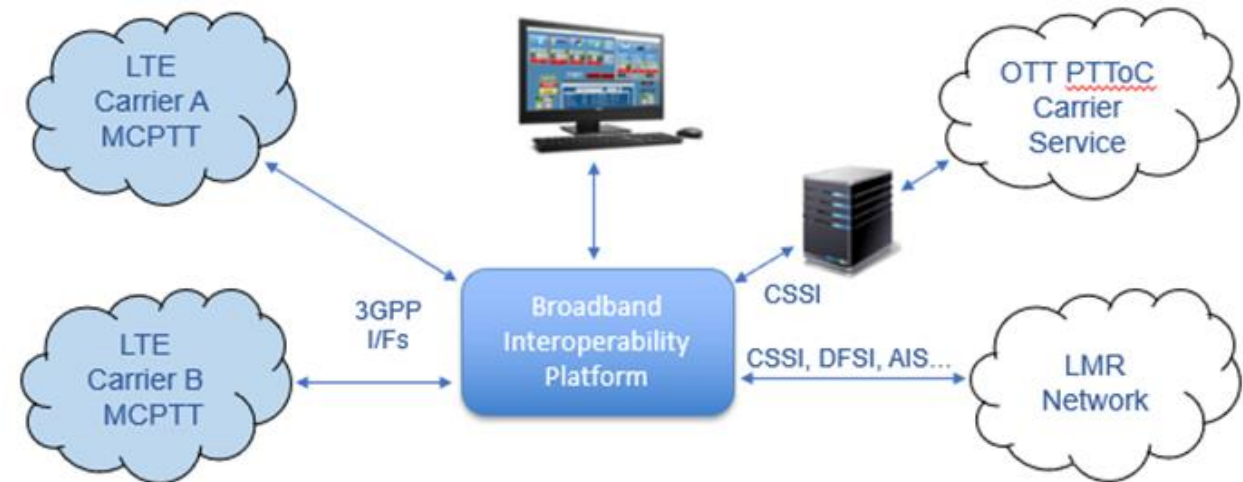

## P25 Interoperability Solution

- Provides Interworking Communications between P25 subscribers on LMR Radios and Smartphone users with MCPTT Application

## Benefits to Public Safety

Standards based solution for Critical Communications

- Enables transition to MCPTT on LTE for current P25 Systems

# DFSI Gateway

## What is New

### General Features

- DFSI v1 and v2 compatibility
- Channel Change
- Repeat On/Off
- Monitor (Squelch Bypass)
- Voter receiver and transmitter selected/enabled/disabled status and control

### Digital Features

- Full-Rate AMBE voice encode/decode
- Group Calling
- Individual Calling
- Emergency Calling and Alarming
- Radio Check, Stun, Revive, Remote Listen, Call Alert, Status Querying, Status Messaging
- NAC Control
- DES/AES Encryption
- RX/TX Level Settings
- RX EQ

### Analog Features

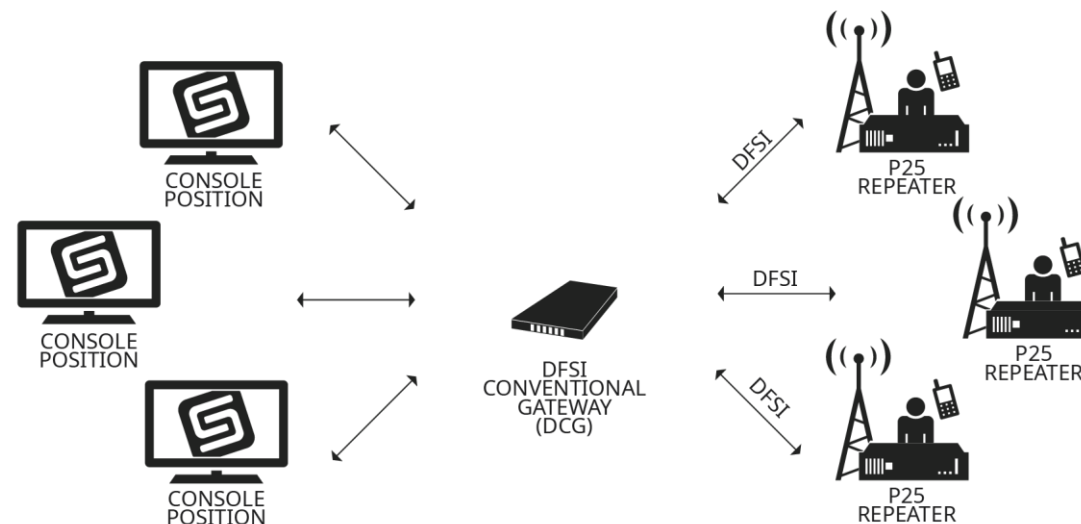

- MDC-1200 Emergency alarm decode
- MDC-1200 ID encode/decode
- CTCSS/CDCSS control
- RX/TX Level Settings
- RX EQ

## P25 Interoperability solution

- Patch traffic between different base stations at talk-group level.
- Patch P25 base station with numerous other technologies when paired with the Mindshare Radio Interface (MRI)

## Benefits to Public Safety

- Migrates legacy analog infrastructure to P25
- Single gateway supports multi-vendor stations via DFSI standard
- Lower cost with more features than previous offering

**mindshare**  
by CSS

[www.css-mindshare.com](http://www.css-mindshare.com)

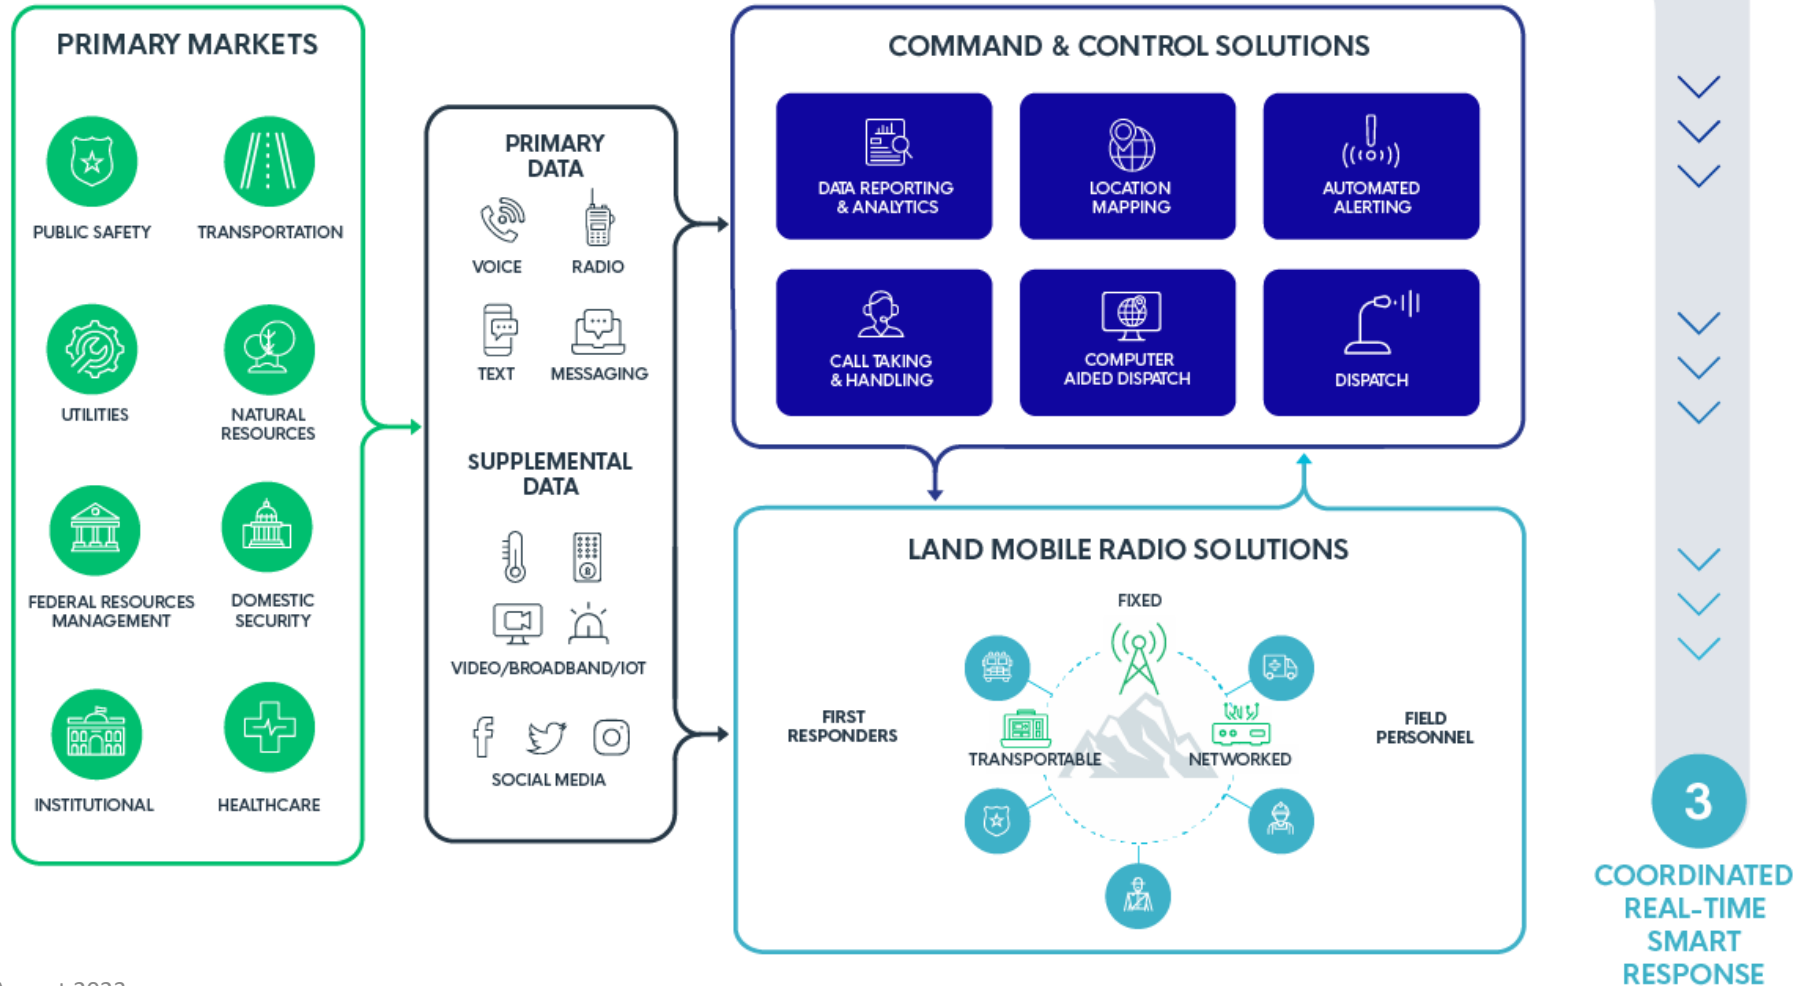

**Booth #1737**

# MISSION CRITICAL SOLUTIONS

From public safety emergencies to commercial needs for collaboration and managing corresponding actions, Zetron solutions empower integrated mission critical communications.

# NEW! 5G Ultra Wideband Antenna

## What is New

- High-efficiency antenna
- Offering expansive coverage from 600 MHz to 7.2 GHz
- Supports 5G NR FR1, Wi-Fi 6e, CBRS, Band14, Bluetooth® and FirstNet

## P25 Interoperability solution

- Rugged, compact, low-profile design
- For public safety, fleet, rail, military and IoT applications
- Meets MIL-STD-810, AREMA, IPX7, SAE J1455 environment standard

## Benefits to Public Safety

- Available in black or white
- In stock & ready to ship
- Proudly designed & manufactured in the U.S.A.

**Booth # 1007**

# CX300 Communications Service Monitor

## What is New

- Complete communications test solution

## P25 Interoperability solution

- Ability to test P25 Phase 1 and Phase 2, including Linear Simulcast Modulation
- AES and DES Encryption\*
- Vocoder\*
- Keyloader\*

## Benefits to Public Safety

- Complete and portable RF testing of P25 subscribers and infrastructure

<https://www.viavisolutions.com/en-us/products/cx300-comxpert>

\*COMING SOON

August 2023

# 8800SX Radio Test Set

## What is New

- Additional Auto-Test support for Harris and Motorola P25 radios
- Kenwood Viking and Tait P25 radios added to the Auto-Test family

## P25 Interoperability solution

- Phase 2 support
- Infrastructure testing with Wideband RF Power Sensor

## Benefits to Public Safety

- Ensure indoor and outdoor RF signal coverage with signal strength mapping solutions
- Portable RF testing of P25 subscribers and infrastructure

<https://www.viavisolutions.com/en-us/products/8800sx-digital-radio-test-set>

# 3920B Radio Test Platform

## What is New

- Additional Auto-Test support for Harris and Motorola P25 radios
- Kenwood Viking and Tait P25 radios added to the Auto-Test family

## P25 Interoperability solution

- DES and AES encryption
- Trunking and Phase 2 support
- Vocoder

## Benefits to Public Safety

- Ensure outdoor RF signal coverage with signal strength mapping solutions
- Complete RF testing of P25 subscribers and infrastructure

<https://www.viavisolutions.com/en-us/products/3920b-series-analog-and-digital-radio-test-platform>

# R8200 New LMR Service Monitor with VNA

## What is New

- Single Port Vector Network Analyzer: The only LMR test set to include a VNA
- Includes multiple general use options
  - Remote Front Panel
  - Extended Gen Port Output
  - Process Automation Toolkit ("PAT")

## P25 Interoperability solution

- P25 Phase 1 Conventional Test Option
- P25 Phase 1 Trunking Test Option
- P25 Phase 2 Test Option

## Benefits to Public Safety

- Perform comprehensive subscriber and network testing with a single instrument
- Save space by combining multiple instruments into one portable device

▲ Public Safety Network Testing Solution

▲ SeeHawk™ Central

# Valid8 P25 ISSI/CSSI Test Solution

## What is New

- Security Test Suites
  - Security test Consoles or RFSSs on CSSI and ISSI
- Digital Twin Emulators
  - Emulate RFSS, Console, Radios, LTE-LMR IWF, 5G, 4G, IMS network elements
- Passive Conformance
  - Verify compliance of equipment on the network without disconnecting anything
  - Online (live) mode works via a network tap point
  - Offline mode works by analyzing a PCAP file, isolating the DUT and reporting the test result

## P25 Interoperability Solution

- Use Valid8's Pre-Canned Test Scenarios to Ensure Interoperability with Other Vendor Devices

## Benefits to Public Safety

- Real World Testing with Multiple form-factors
- Flexibility to Customize Test Scenarios
- Upgradable to MCX, 5G, NG911, P25 Cyber-Security Testing Suites

# PX-900 Portable Instrument

## What is New

- The DiagnostX PX-900 instrument is a portable self-calibrating radio waveform analyzer that can remotely evaluate radios - while in use in the field.

## P25 Interoperability Solution

- Trunk or Conventional
- VHF; UHF; 700/800 MHz (uplink frequencies only); and 900 MHz

## Benefits to Public Safety

- The PX-900 measures a radio's alignment and operating characteristics long-range, Over-The-Air, in real-time without user intervention or impact on the radio system.
- Generates reports identifying radios requiring service and validates other radios operating within specification.

*The Future of Radio Maintenance is Here!*

Visit LocusUSA at Booth 430 to learn more  
<https://www.locususa.com>

# You're counting on interoperability...

## Do you really have it?

### WHAT IS NEW

- Installed System Verification
- ISSI/CSSI Interoperability Field Testing
- Cyber Security Reviews & Mitigation

### P25 INTEROPERABILITY SOLUTION

- DHS Accredited Interoperability Testing
- “Onsite testing”
- “Virtual” remote testing

### BENEFITS TO PUBLIC SAFETY

- Verify interoperability and compliance after changes occur in your P25 LMR system.
- Verify revised hardware, software, firmware.
- Test new radios added with old radios.
- Validate new manufacturer radios added.
- Analyze new routers, cables, servers, etc
- Interoperability and P25 compliance could be affected.

# P25 New Product Trends

- **P25 LMR Interoperability with LTE Broadband Data**
  - Multi mode P25/LTE Portable radios
  - Mobile P25 radio with Wi-Fi and LTE connectivity
  - New P25 Consoles connect P25 and LTE technologies
- **Multi-Band P25 Portable Radios (VHF/UHF/700/800 MHz)**  
**New products are P25 Phase 1 and Phase 2 capable**
- **Voice recording in radios**
- **Scalable, Configurable P25 Airborne Radios**

# P25 New Product Trends

- **Deployable, mixed-mode, P25 repeaters for Emergency Ops**
- **P25 Antenna Site Monitoring**
- **“Over the Air” radio maintenance for P25 Systems**
- **“Cloud based” Asset management for P25 Systems**
- **“Cloud based” Dispatch in the field**
- **New P25 Location Services**
- **P25 enhanced Vocoder Software**
